[Special to The Times-Dispatch.]

RALEIGH, N. C., April 14.—Governor Glenn gave out to-day a lengthy statement, in which the announcement is made that he will not be a candidate for the United States Senate, but will support Senator Overman. The statement declares his cherished ambition to be United States Senator and his withdrawal from the race six years ago against Senator Simmons in favor of C. B. Watson, for the sake of harmony. If he should get in the race gainst Overman the contest would be fierce, and he again retires for harmony. He reviews his "streamous" administration as Governor, and says the peeple having made him what he is politically, he would not foar again to but his destiny in their hands, but in his present action he is actuated by a desire to serve the State by preventing a bitter contest, and a still higher motive to help humanity. WILMINGTON, N. C., April 14.—The State prohibition election is being celipsed just at present by the Democratic primary to be held May 14th. This with particular emphasis on the race for the Legislature, but strange to say every candidate in the field has pledged himself to vote for the recelection of Senator Lee S. Overman. So this shows plainly that the junior senator from North Carolina will get the strength of this county in the next General Assembly, which will mean the vote of a representative and of z senator.

the vote of a representative and of a sonator.

Two popular lawyers are lined up against each other for the State Senator B. Carr, Esq., and ex-State Senator B. G. Emple, while for the House. Woodus Lellum, Esq., is being opposed by Colonel George L. Morton, who is ands for re-election, and who is known as one of the opponents of prohibition, being identified with the movement started in Salisbury, N. C. a few weeks ago to fight prohibition. Another fact that is very plain is that unless the supporters of Locke Craig and Congressman W. W. Kitchin for Governor get to work and do strenuous work, the Ashley Horne forces are going to sweep the county. His local manager are hard at work and have put tickets for delegates to the county convention in every ward, and so far there is no opposition. This means that if the desegates to the courselon of a secured, delegates to the State convention will act according to instructions, as there will be no primary in this county for Governor. So it locks like Ashley Horne is going to secured, delegates to the State convention will act according to instructions, as there will be no primary in this county for Governor. So it locks like Ashley Horne is going to secure nearly all, if not all, of New Hanover county's nine votes in the State convention.

Out of Big Timber Land Deal.

[Special to The Times- Dispatch.]

WILMINGTON, N. C. April 14.—A
suit involving \$25,000 and rather a
novel action, because it is for attorney's fees, is now on trial in the Superior Court, in this city. It is an action for \$25,000, less about \$3,000,
brought by Iredell Meares, Esq., of this
city, against J. J. Wolfenden, of New
Bern, N. C., and the transaction which
ied up to the suit shows a remarkable
speculation in timber land in North
Carolina, as in a comparatively short
time a profit of about \$250,000 was
made. The land in question was that Carolina, as in a comparatively short time a profit of about \$250,000 was made. The land in question was that known as the Green Swamps, and embraced 200,000 acres, in which there are some thirty-odd million feet of timber. The plaintiff alleges that with his co-operation the defendant purchased the land for \$50,000, and later, still through his co-operation, the defendant sold the land for \$357,000, which netted the defendant a profit of \$250,000; that the only fee paid him was \$1,000, though he later retained in his hands \$1,718.83 belonging to the defendant. So he sues for \$25,000 and interest, less the amounts specified. A brillant array of legal talent is engaged on each side, and the case is being hard fought.

humanity.

My record for temperance is neither new nor hearsay, for I point to my official acts as contained in the journals of the legislatures of 1881 and 1898, and as Governor, and I would regard it as the crowning glory of my administration to have the sale and manufacture of strong drink prohibited in the State. To this end I will give all my spare time, my zeal and my influence, for we need and must have a arge majority, thus showing the people's will and determination to enforce the law. With hostile persons and newspapers saying I was making this canvass for prohibition as a stempling stone for my political advancement, or hoping on the crest of a big temperance victory to ride into the office of Senator, the effect of my campaign would be weakened and my sincerity doubted. So, desiring to be untramised by thoughts of self, but out acting for what I honestly believe is the State's greatest good. I lay aside my ambition.

Having therefore, the welfare of the State at heart in wishing prohibition to win by a very large vote. I appeal to all who are interested in this great moral movement to help us by their influence as well as by personal work. There is no politics in this movement, but a question on which all parties.
